- protection right of children and youth
- work with disabled children, their rehabilitation and adaptation
- development of civil society by improving life conditions of local societies using social stability technologies
- development of gender equality
- popularization of healthy lifestyle (preventing HIV/AIDS, sexually transmitted diseases, smoking and alcoholism)
- fundraising for rehabilitation of children which require medical help

DEAR FRIENDS

The situation in Ukraine is far from solution. Thousand of IDPs can't get to their homes and take their things to territories under pro-russian rebels control. War continues over a two year and we do not see its end. IDPs have no clothes, homes and government does not support them (help for each person is about 30 Euro per months).

We need the following things (1 is the most urgent):

1. Food – cereal (different types), olive oil, condensed milk, meat and fish preserves, sweets for children, tea and coffee. Everything should be with a long date of expiry.
2. Utensils – frying pans, pots, dishes, mugs.
3. Household appliances (washing machines, kitchen equipment, irons)
4. Toothpaste and toothbrushes, soap, shampoo, mesh brushes and towels.
5. linen
6. Medications and vitamins
7. Shoes both for children and grown ups.
8. Toys, bicycles, office supplies for children (copybooks, pens, pencils, markers, paints)

If you can provide funds instead of sending mentioned items, we would also appreciate it

We guarantee full reports.

We can discuss the details by email teenagerfund@yandex.ua
